APG Glass Door Work Disclaimer

APG glass doors in normal use are subject to structural stresses and knocks that can result in minor chips / weak points which may result in immediate glass breakage. Even if doors are worked on correctly and removed/ refitted with utmost care, these defects can result in breakage without warning due to stresses imposed.

We accept no responsibility whatsoever for any breakages caused or repair costs resulting indirectly or directly of works carried out on door or surrounding glass partitions/leaves/transoms/ fittings.

It is the sole responsibility of client to ensure that they are insured against such losses.
